Childrens
Home**

Our Vision

To be the best Child and Youth Care Centre (CYCC) in the provision of professional, holistic, and integrated quality care to vulnerable and orphaned children in the Eastern Cape municipality.

Mission

The King's Children's Home is a Christian-based organisation dedicated to providing programs and services designed to support the total development of children while assisting them in realising their God-given potential.

At The King's Children's Home, we provide:

- A temporary care solution for children in need of immediate safety placement if that child is at risk of further abuse or neglect (safety placement of 90 days).
- Residential care for a maximum of two years with the possibility of reunification with biological parents or extended family.
- Safe care for abandoned babies with the hope of linking them with the East London adoption social work services in order for children who have no chance of reunification with their biological family to have a fair chance of adoption.
- Emotional, spiritual, physical, and intellectual support for children within the context of a family.
- Educational care based on innovative teaching and learning principles.
- Comprehensive and holistic health care services for our children.
- Spiritual nurturing by giving the children the opportunity to be involved in their local church through youth groups, Sunday school classes, camps, and counselling, etc.

Core Purpose

Our home provides a strong spiritual environment in which children can come to know Jesus personally and seek after Him with their own lives. Through our staff, volunteers, counsellors and guests, we seek to provide solid examples of Godly living.

We believe the best way to impact the children is to build relationships with them, invest in their lives, and guide them through their struggles. We want to show each child the love of Jesus Christ in practical ways so as to draw them to a saving knowledge of His grace and salvation.

We believe our mission extends into the lives of the children's families and that each child has the potential to become an agent of change within their own family and community,

When a child enters our home, often their relationship with their family is dysfunctional, strained or broken. We work to restore broken relationships through counselling, therapy, visitations, and providing ways for the family to be included in the children's lives even while they are separated. Our goal is for children who enter our home to have healthy and happy relationships with their families. We provide shelter, safety and support for the children until they can be reunited into a forever family.

Our Core Values

Faith - In all that we do, we seek to glorify God. We base our work on Biblical principles and our relationship with Jesus Christ, while respecting and welcoming people of all faith backgrounds.

Respect - We are created in God's image. We value the worth and dignity of each individual by showing genuine regard for their life and culture, and for God's creation by being good stewards of His earth.

Growth - We believe that always seeking to learn more and broadening one's knowledge provides the tools for reaching one's full potential and becoming a productive member of society.

Honesty - We strive for transparency, accountability, and integrity in all our words and actions.

Simplicity - We believe that when it comes to material items, less is more. Our core value is to "live simply, so that others may simply live."

Excellence - We believe that all work should be done as unto the Lord and not unto men. We strive towards excellence and a good work ethic.
